

Kängabox Expert GN 1/1

Neutral

Product description

Kängabox® Expert is manufactured for the transport of hot and cold food according to the GN standards. The box is stackable and an excellent addition to ScanBox's other range of products and can be stably placed inside the top frame of the boxes.

The box is made of EPP and moulded in one piece, has good insulation capability and is easy to clean. Kängabox® Expert can withstand temperatures from -40°C to +120°C and is resistant to shocks and impacts.
