Stackable Box Single
Static heating

Product description

Portable Line Single is made to hold and transport hot food easily and safely. The box is designed with ScanBox ExP construction that combines optimized insulation performance with high operational reliability and environmentally conscious choices.

The box is equipped with a static heating system that provides stable heating by natural convection and has an operating temperature of 80°C. Adjustable ventilation ensures excellent food quality control. ScanBox Portable Line has capacity for 4 containers in the GN 1/1 standard.

Equipped with excenter lock, solid door, removable U-guide rails with 80 mm spacing, black RAL 9005, as standard. The equipment can be easily adapted as required through the available extra options.
