

# SRS Line Single

Neutral

## Product description

SRS Line Single is manufactured to transport different types of SRS-crates. The box is delivered without a shelving system, with a smooth inside and is designed with ScanBox ExP construction that combines optimized insulation performance with high operational reliability and environmentally conscious choices.

The box can be pre-cooled in cold rooms and comes with an runners for eutectic plate as standard. The ScanBox SRS Line Single has a load capacity of 346l.

Equipped with stainless steel chassis, excenter lock, solid door, 160 mm lockable wheels, black RAL 9005, as standard. The equipment can be easily adapted as required through available extra options.
