

Tray Line Triple 10

Neutral

Product description

Tray Line Triple is manufactured to hold and transport hot and cold food on trays in three separate compartments according to the EN/VN standard. The box is designed with ScanBox ExP construction that combines optimized insulation performance with high operational reliability and environmentally conscious choices.

The box can be pre-cooled in refrigerated rooms. Extend storage by easily retrofitting runners for eutectic plate for further temperature retention.

ScanBox Tray Line Triple is available in several sizes with capacities of up to 30 trays.

Equipped with stainless steel chassis, One grip handle, solid doors, 160 mm lockable wheels, removable guide rails with 110 or 115 mm spacing, black RAL 9005, as standard. The equipment can be easily adapted as required through available extra options.
