### Tray Line Duo

### Neutral

### Product description

Tray Line Duo is manufactured to hold and transport hot and cold food on trays in two separate compartments according to the GN 1/1 standard. The box is designed with ScanBox ExP construction that combines optimized insulation performance with high operational reliability and environmentally conscious choices.

The box can be pre-cooled in refrigerated rooms. At the top there is a compartment for an ice pack, which provides additionally stable temperature. ScanBox Tray Line Duo is available in several sizes with capacities of up to 20 trays.

Equipped with stainless steel chassis, one grip handle, solid doors, 160 mm lockable wheels, removable guide rails with 110 or 115 mm spacing, black RAL 9005, as standard. The equipment can be easily adapted as required through available extra options.
